

	inadequate budgetary development practices by the State Budget Office for submission of department college budgets that are not consistent with actual outcomes. The deficiency letter is attached this request.	t
Strategic Enrollment Management (SEM)	The budgeting system would not be pected to have an impact on enrollment.	
Strategic Plan Alignment (Include confirmation if this request was submitted as a Strategic Planning Initiative. If s briefly list the alignment (i.e., Mission Target = Culture, Goal Inclusive Excellence, Strategy Applied Learning).	resources as it works to implement the strategic plan.	
Revenue Generation/ Efficiencies	A new budgeting system will not impact revenue generation, but we have a dramatic impact on the efficiency of both the Budget Office and departments' development of their ongoing budget and busin plans. Overall, we anticipate the weathern of 25 days will be saved as a result of the new system.	e ness

What specific performance outcomes are expect? When possible, these should have a clear focus on enrollment. For teaching, include thempact on credit hour production. For non-teaching, include the impact on workload (eg., client appointment counts per employee, number of students processe per employee, etc.) If an equipment/capital/technology only project, this section may be left blankerformance outcomes are believed to be a driving factor in the funding decision.

As previously referenced, the greatest benefits frow budgeting system includes achievement of efficiencies and the meeting of KBOR's expensate garding internal budgeting practices and procedures. The new system will eliminate the defice budget of the State Budget Office, allow us to properly budget fringe benefits and vastly own budgetary information available through an effective reporting interface.

Outcome Metrics	FY '21 Actual	FY '22 Est.	FY '23 Est.

Describe any negative consequences if this request was not funded?
